"Funded ratio" means the ratio of net assets to net liabilities of the employees' retirement system or Hawaii employer-union health benefits trust fund, as applicable, as determined by actuarial valuation.

"Funding period" means the number of years in the future that will be required to fully fund the unfunded actuarial accrued liability of the employees' retirement system or Hawaii employer-union health benefits trust fund, as applicable, based upon actuarial assumptions and no assumed future actuarial gains or losses.

"Unfunded actuarial accrued liability" means the portion of the actuarial accrued liability, including the present value of benefits presently being paid to retirees, that exceeds the value of current assets."
